Attention: Paul Cheng

Many equipment for our restaurants (Ruby Thai; Stir Fry 88 and Nori Japan) are designed and replenished with the expertise of Action Sales. They consistently delivered quality, durability and reliability in their equipment offerings which is essential to the consistent operation of our restaurants.

Action Sales offers unique capabilities in our industry. In addition to their vast inventory, they offer design and layout services, installation and after-sale product support. They respond to our needs on a global basis with standard and customized equipment, offering intelligence and experience from their 27 years in business. Our customer expectations are high; meeting their expectations is not an option. Day in and day out our equipment must operate at peak performance, on the rare occasions when they don't, Action Sales works with us closely and immediately to return them to top-level performance standards. I would highly recommend the services of Action Sales to companies seeking integrity, honesty and competitive pricing for their restaurant equipment needs.

Sincerely,

Chen Huang
