

## TITAN SERIES

The new **Mundial Titan** forged series offers cutlery of unparalleled quality and value. The handle is a perfect shape which provides excellent comfort and control. The tapered grinding and stone finishing means the edge will be long-lasting and easy to re-sharpen. The blade, bolster and handles are matched for perfect balance and ease of use. The steel used is premium grade stain-free, high carbon steel. The Titan Series is engineered and designed by Mundial to offer superior quality and a lifetime limited warranty.
