Our best tools for your best work. As part of the Crown Brands' initiative to create a good, better, best tiered product structure, we have begun the selection process for our Crown Select sub-brand. These items will be chosen based on variety of criteria; quality of materials, innovation, benefits to the operator, etc. The first Crown Select products can be found in this catalog (see below).

Portion Pro Plus™ Portioning Spoons (Solid and Perforated)

Our new portion control spoons are constructed to provide long lasting service with many intuitive features. The color-coded handles have an integrated hanging hook and hole, as well as a built-in stop to keep spoons from falling into the pan. All portion measurements are etched into the stainless steel portion of the handle. There are five sizes in both solid or perforated styles to choose from. (see page 26)

Stainless Steel Deli Display Pans

Better food presentation is becoming the norm in many grocers' hot and cold service counters. Our display pans are available in three (3) sizes. Their Heavy-duty stainless steel construction with fold down handles and smooth welded sides and hemmed edges make these ideal for display and serving. (see page 88)

**Our best tools
for your best work.™**

Additional New Product Introductions from

Allergen Free Purple Cutting Board

Our new 18 x 12 x .5" cutting board complies with hygiene recommendations for color-coding food preparation. Cross-contamination is greatly minimized. Safe, hygienic and easy to clean. Will not chip, crack or rot. Will not damage knives or other cutting instruments. Use purple cutting board for specific tasks. Dishwasher safe and NSF listed. (see page 42)

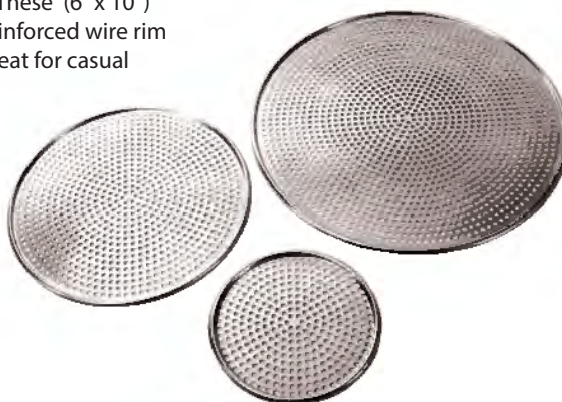

One-Eighth Sheet Pan 3-Pack

Due to the success of our single 1/8 Pan, we now have 1/8 Pan 3 Pack available in great trilingual cash and carry packaging. These (6" x 10") 19 gauge aluminum bun pans feature an oversized reinforced wire rim and a 1" edge with a smooth well polished finish. Great for casual and small plate dining. (see page 8)

Heavy-Duty Aluminum Perforated Pizza Screens

These 16 gauge screens are a welcomed addition to our pizza accessories assortment. They feature a rolled rim, open bead design for easy cleaning. Uniform 1/4" diameter perforations for even air and heat distribution. There are eleven (11) sizes available ranging from 8" to 18" in diameter. (see page 15)

Our SuperSteel® stainless steel stock pots are constructed of stainless steel with a heavy duty 3-ply bottom consisting of two layers of stainless surrounding a 5mm thick aluminum core. This results in extra strength and allows for superior heat distribution. All models may be used with induction cookers, making this one of the most versatile lines of stainless steel pots available. Covers are included.

Our Polycarbonate (PC) food pans are rugged and can withstand a surprisingly broad temperature band of 40°F through 212°F (not intended for steam table use.) Polycarbonate pans are also break-resistant and won't bend, rust, crack or dent. These pans are quieter than their metal counterparts. Outer graduation markings allow for easy inventory management. These marks appear in both standard and metric measurements. Clean-up is quick and easy due to the PC construction being resistant to food oils and acids.
