SERVICE TIPS

- Tighten the End Ring hand-tight only. Over-tightening the ring is a common problem. See our ring-tightening hand tool, p. 70.
- Always use the same Knife and Plate together. Always use a new knife with a new plate or side.
- Never operate grinder without meat or some food-safe lubricant, such as mineral oil, present on the plate surface. This is doubly important because for many manufacturers, failure to use adequate lubrication will void the warranty on their grinders. See lubricants, p. 101.

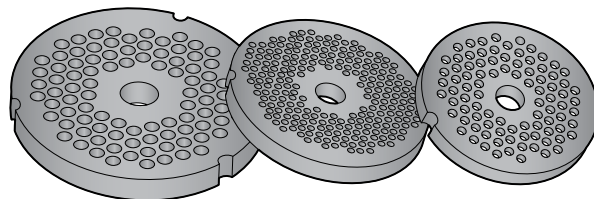

PLATE SPECIFICATIONS

PLATE SIZE	# OF NOTCHES	PLATE DIAMETER	PLATE THICKNESS
5	1	2.10"	.26"
8	1	2.40"	.26"
12	1	2.75"	.32"
22	1	3.25"	.36"
32	3	3.90"	.43"
