

2017 PRICE LIST

A STEP ABOVE THE STANDARD

COMMERCIAL FOODSERVICE EQUIPMENT MANUFACTURER

Reasons for Choosing Everest

1

Quality

Everest prides itself in being a step above the industry standard. Top grade materials and components, highly skilled engineers, state of the art assembly lines and stringent quality measures all come together to create foodservice equipment that can withstand the most intense application.

Dependable Technology

Everest runs on reliable technology designed for superior performance and maintenance. Optimum refrigeration function is guaranteed thanks to high performance compressors supported by oversized condenser coils that allow excellent heat dispersion while large-scale, high velocity condenser fan motors and blades provide powerful ventilation. Fast temperature recovery is made possible by oversized, self-maintaining evaporator coils and dual evaporator fan motors. These self-contained condensing units are completely detachable for unsurpassed accessibility in service and repair.

2

3

Excellent Warranty Program

Everest offers the best warranty in the industry. All equipment are backed with a solid 3-year parts and labor warranty and a 5-year compressor warranty. An expansive service network of factory trained service representatives and over 1,000 Everest authorized service companies nationwide are ready to provide immediate technical assistance.

Availability

Inventory fill rate is a primary focus of Everest's operations. The success of replenishment orders and factory and shipping schedules is achieved through precise inventory management and strategic asset movement and storage. Our expansive list of warehouses nationwide ensures local availability and support.

4

5

Competitive Pricing

Everest offers high quality products at affordable, competitive prices – an accomplishment made possible in the current market through careful planning. Direct control and strategizing of factory assets and operations give us the room to manage profits. Order discounts, shipping perks and premiums, rebate programs and flexibility in terms are just some of the incentives Everest has on offer.

Outstanding Customer Service

Behind Everest's success is our dedicated team of in-house, factory-trained sales, financial, shipping, service and parts executives ready to support customers every step of the way, from pre-sale to post-sale proceedings. Providing a solid customer service experience is our priority.

EVEREST LIMITED WARRANTY

EVEREST warrants to the original purchaser of every new EVEREST unit, the cabinet and all parts thereof, to be free from defects in material or workmanship, under normal and proper use and maintenance service as specified by EVEREST and upon proper installation and start-up in accordance with the instruction packet supplied with each unit. Our obligation under this warranty is limited to a period of three (3)* years from the date of original installation or thirty six (36)* months after shipment date from EVEREST, whichever occurs first (applicable to units purchased after July 1, 2014). Any part covered under this warranty that is determined by EVEREST to have been defective within three (3)* years of original installation or thirty six (36)* months after shipment date from the manufacturer, whichever occurs first, is limited to the repair or replacement, including labor charges, of defective parts or assemblies. The labor warranty shall include standard straight time labor charges only and reasonable travel time, as determined by EVEREST.

WARRANTY CLAIMS

All warranty claims for labor or parts must be made directly through EVEREST. All claims shall include: unit model number, cabinet serial number, proof of new product purchase, installation date, and all pertinent information related to the reported defect. For compressor warranty claims, the compressor tag shall be returned to EVEREST along with the above listed information.

WARRANTY EXCLUSIONS

EVEREST's sole obligation under this warranty is limited to either the repair or replacement of parts, subject to the additional limitations below. This warranty neither assumes nor authorizes any person to assume obligations other than those expressly covered by this warranty.

- A. **INDIRECT OR CONSEQUENTIAL DAMAGE.** EVEREST does not warrant economic loss, profit loss, or special, indirect or consequential damages including without limitation, losses or damages arising from food or product spoilage claims caused by refrigeration failure.
- B. **IMPROPER USAGE.** EVEREST is not responsible for parts or labor coverage for component failure and or other damages resulting from improper usage, installation or failure to clean and/or maintain the unit as set forth in the user's manual provided with this unit. All EVEREST units are designed for commercial use, not for residential use. Warranty is invalid if the unit is installed in a residence.
- C. **WARRANTY IS NOT TRANSFERABLE.** Warranty is limited to only the original purchaser/user to which the unit was delivered. Warranty does not transfer with change of ownership.
- D. **ALTERATION, NEGLIGENCE, MISUSE, ABUSE, ACCIDENT, DAMAGE DURING TRANSIT OR INSTALLATION, FIRE, FLOOD, ACTS OF GOD.** EVEREST is not responsible for malfunctions due to alteration, neglect, misuse, abuse, accident, damage during transit or installation, fire, flood, storm, and/or other acts of God. EVEREST is not responsible for any improper electrical connections resulting from electrical power failure, the use of extension cords, and low voltage or voltage drops to the unit.
- E. **UNAUTHORIZED MODIFICATION.** EVEREST is not responsible for the repair or replacement of failed or damaged components resulting from unauthorized modifications to units or the use of non- standard parts without prior written approval from EVEREST.
- F. **OUTSIDE THE U.S.** This warranty does not apply to any parts and/or labor warranty claims made on units sold or used outside of the United States.

FIVE (5) YEAR COMPRESSOR WARRANTY

In addition to the warranty set forth above, EVEREST warrants the hermetically sealed compressor for five (5) years, not to exceed sixty (60) months from the unit's date of shipment from EVEREST. To qualify for a compressor warranty claim, the replacement compressor must have been purchased directly from EVEREST. Claimants must submit the compressor warranty form, original compressor and electrical components to EVEREST. Additionally, examination by EVEREST must confirm the compressor and electrical components to be defective as claimed. This compressor warranty does not apply to shipping and labor costs or other parts whether electrical or mechanical.

These warranties are exclusive and in lieu of all other warranties, expressed or implied, and all other obligations or liabilities on our part, and we neither assume nor authorize any other person to assume for us any other obligation or liability in connection with the sale of said refrigeration units or any part thereof.

** Terms may vary. Contact Everest for further details.*
