

DIRECT DRAW KEG REFRIGERATOR

Project Name: _____

Project Location: _____

Model #: _____ Quantity: _____

Available Warehouse: _____

EBD Series

Model: EBD4

Refrigeration System

- Side mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.
- Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.
- Full-length air duct system ensures optimal circulation of cold air.
- Time-initiated and temperature-terminated auto defrost cycle for seamless operation.
- Large capacity, corrosion-resistant condenser and evaporator coils.
- Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
- High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning. Refer to owner's manual for full maintenance instructions.
- Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

- Heavy duty stainless steel countertop with textured laminate, black vinyl exterior.
- Galvanized steel interior walls and high quality stainless steel floor.
- 1 3/4" thick high density polyurethane insulation.
- Built-in caster thread receptacles for all models.

Lighting

- Energy efficient silicone coated and shatter-proof LED lighting provides bright, high color illumination with low heat output.

Doors

- Textured laminate, black vinyl exterior with galvanized steel interior. Stainless steel exterior and galvanized interior for models EBD2-SS and EBD4-SS.
- 1 3/4" thick high density polyurethane insulation.
- Snap-in magnetic door gasket make cleaning and replacement an easy process.
- High strength, recessed door handles.
- Pre-installed door locks keep your items safe from theft.

Draft Arms

- Two dual faucet, 3" diameter, stainless steel draft arms with matching air distributors. Fully insulated and NSF certified.

Temperature Control

- Multi-function digital controller with easy to read LED display.
- Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F.
- Audible overheat protection alarm for compressor and condenser coil.

Options

- Dual or triple faucet draft arms and matching air distributors.
- 3" or 5" swivel casters with locks.
- 3.5" – 6" height-adjustable and interchangeable legs.

 **Operating temperature range is 33°F ~ 54°F**
