

UL/NSF Sealing Machine

Specification

International Certification	NSF / CE / UL
Color	Black With Red
Capacity	450 pcs/hr
Sealing Rim Diameter	3.54 in (90mm) – 3.86 in (98mm)
Voltage / Frequency	110 v / 50-60 hz
Power	400-560 w
Gross Weight	59 lbs
Dimension (W x D x H)	21 in x 17 in x 27 in

- ❖ UL / NSF Certifications to ensure a pristine sanitary design
- ❖ Easier clean up
- ❖ Faster heating system
- ❖ Adjustable cup size holder
- ❖ Customizable settings for time and manual/automatic
- ❖ Easy to interchange sealing film holders
- ❖ Hidden hot drink punching needle set, hidden and dust-free
- ❖ Added sliding cover to avoid spilling drinks into side cover
- ❖ Blinking signal prior to sealing for safer operation
- ❖ Two-way emergency safety door
- ❖ Food grade stainless steel for easy cleaning and maintenance
